

THE LACY LEDGER

Construction news and trends, plus a little light-heartedness

Winter 2002

Holiday Greetings

As we reflect on the previous year and look forward to the next, we realize that there is a lot for all of us to be thankful for. 2002 marks our 56th year of operation at

Lacy Construction Company. That's 56 years of growing stronger by improving our processes and building relationships

with clients that span generations.

The past year was a successful one, thanks to our dedicated employees, gracious clients, building team partners, corporate friends and our loving families. We saw the completion of our largest project to date (Northridge Retirement Community), experienced working with new clients, and had the pleasure of working with past clients on new projects. We would like to express our sincere appreciation to everyone who has contributed to the success of Lacy Construction.

We hope that each of you had a happy and joyous holiday season, and that you and your family experience a prosperous 2002.

Do You Need More Retail Space?

Are you out of space at your current facility, or do you need a better location? Contact Lacy Construction. We have information on several sites that have existing building space available for immediate build-outs. Call Jerry Huismann or Don Anderson at 800-321-5229 and we will help get you in a location that is right for your business.

The Lacy Office Team— Left to right: Don Anderson (Business Development Manager), Mel Griess (General Superintendent), Jerry Huismann (President), Cathy Christensen (Office Assistant), Chris Wissing (CAD Draftsman), Steve Grubbs (Estimator). Not pictured: Craig Wampler (Project Manager).

Lacy Honored As "Business Of The Year"

At a special awards luncheon in November, Lacy Construction Company was recognized as Business of the Year for 2001 by the Grand Island Area Chamber of Commerce and the Small Business Council. The criteria for the Business of the Year Award are management innovation, creative approaches to marketing, and solid growth in employment, sales and reputation.

Lacy Construction Company stands as a testament to the fact that a business can succeed over generations. In 55 years, we have grown from a local home builder into a highly respected commercial construction company with a wealth of experience. Perhaps the most compelling testimony to the quality of our work and the integrity of our people lies in the number of clients for whom we have performed multiple projects.

This award would not have been possible were it not for our talented and dedicated team of employees and the clients that put their trust in our abilities. Everyone at Lacy Construction is proud and honored to be cited by the Grand Island business community as the 2001 Business of the Year.
